

A MISCONCEPTION ABOUT WEIGHT LOSS

Most people who want to lose weight, wants to see changes immediately, without any effort. This is one of the main misconceptions about slimming aids and products.

Dr Greg's No Diet Dreamzzz Product Range, should be used to ASSIST you with your weight-loss journey. It should help you cope with consuming less food while you adjust your eating habits and lifestyle, it can also help you, with muscle toning, while enjoying your new Lifestyle, which should include physical activity for effective results.

Most people do not realise how important regulated sleep is, not only to your weight-control, but to your overall general well-being. You need to go to sleep at a specific time and wake-up at a specific time each day. Should you go to sleep later than normal, stick to your regular wake-up schedule, even on weekends, as it gets your body in a healthy, consistent sleep rhythm.
